Intended Use

Perfect for illuminating pathways, stairs, walkways, docks and decks.

Parts List

Reference	Part Description	Quantity
1	Solar pathway light	2
2	2 Screws and bracket	1

Technical Specifications

Property	Specification
Solar wattage	0.2W
LED	2 White LED
Battery	1xAA 600mAh 1.2V NI-MH

Installation Instructions

- 1) For the best result, please locate your solar lamp in a position where it can get direct sunlight on the solar panel, and generally free from cover and shade. (As shown in figure 1).
- 2) Make sure your solar product is not affected by any other light source. Otherwise the light will not illuminate at dusk.
- 3) The pathway light must be left to charge for 2 sunny days before best results are achieved.
- 4) Carefully remove the solar light and all the fittings out of the box.
- 5) Find a suitable place for the lamp.
- 6) Fixed the "fixing bracket with 2 provided screws (as shown in figure 2)
- 7) Assemble lamp to fixing bracket by clockwise (as shown in figure 3)

Operating Instructions

- 1) Press the switch to "AUTO" position (As show in Figure 4), it will automatically turn on during night time.
- 2) The duration of the light will vary with the charging time. It will deliver more light in sunny day than cloudy day.

Replacing the Batteries

For best results Ni-Mh batteries should be replaced every 12 months.

- 1) Release the screw on the back of the unit (as shown in figure 5)
- 2) Remove the old battery. Make sure the new battery is high quality Ni-Mh AA rechargeable battery.
- 3) Install the new battery in to the battery compartment, ensuring the correct polarity is observed.
- 4) Reassemble the unit by reversing the above procedure.

Trouble Shooting

If your SOLAR LAMP does not come on at dusk despite observance of all the instructions, please try the following steps:

- 1) Make sure that the SOLAR LAMP is not being affected by any other light source.
- 2) Ensure the SOLAR LAMP does not stand in the shade during the day.
- 3) Make sure the switch is in the auto position.
- 4) Check that the batteries are installed correctly.

Maintenance

Clean the solar module regularly with a damp towel to guarantee optimum performance of the solar panel. Do not use any type of solvent for cleaning and be careful not to put too much pressure on the module while cleaning.

Limited Warranty

Nature Power warrants our products to the original purchaser that this product is free from defects in materials and workmanship for the period of one year from date of purchase. In the case of product defect, contact Nature Power customer service to receive troubleshooting. If defective part or unit should be returned, a Return Authorization Number must be issued by Nature Power and the defective part or unit should be returned to the authorized location at the purchasers' expense. A dated proof of purchase is required to receive warranty service. Once received at authorized location and defect proves to be the result of defective material and workmanship, the defective part or unit will be replaced at warrantors' option and returned to the original purchaser at warrantors' expense. No refunds will be granted by the warrantor, in the event of buyer's remorse please contact your point of purchase within and in adherence to their return policy. Refunds are granted at the retailers' discretions.
